CITY NEWS IN BRIEF

Happenings of Interest Both General and Personal Gathered Around Town.

Mrs. Mamie Scott has received word of the safe arrival overseas of her husband, Corp. Archie E. Scott.

Mayor Fisher, who has been absent from the city for several days, has returned.

George Sides, sixty years old, died early this morning at the city alms house.

Mr. and Mrs. George Davis have received word of the safe arrival overseas of their nephew, Corp. Harry Davis.

Sergt. John T. Roberts, of the police force, who had recently been confined to his home by indisposition, has returned to duty.

Mr. and Mrs. J W. Padgett have received notice of the safe arrival overseas of their son, Sergt. Arthur L. Padgett.

Mr. Laurence M. Dawkins, formerly of this city, accompanied by his bride of Pittsburgh, motored here to visit relatives and friends for a few days.

Mr. John D. Normoyle, of this city, has qualified in the Circuit Court of Fairfax county as administrator of the estate of Mrs. Ethel L. Payne, of Accotink, Va.

F. F. Marbury, president of the Board of Aldermen, who had his left shoulder dislocated several days ago by a buggy running over him, is able to be out again.

Gordon Reese, field secretary of the Brotherhood of St. Andrew for War Camp Service, last night delivered an address before a large congregation in Christ Church yard.

Fifty-four heavy army motor trucks from New York to Camp Jackson, S. C., passed through here yesterday morning shortly before 10 o'clock. The trucks left New York at noon last Wednesday.

Ten white men will entrain at 3 o'clock this afternoon for special training at Syracuse, N. Y., and at 6 o'clock this evening a total of thirty-six colored men will entrain for Camp Meade, Md.

An infant son of Mr. and Mrs. Thomas W. Robinson, jr., died yesterday at his parents' residence, 505 South Lee street. Funeral services were held today, the Rev. L. F. Kelly, of St. Mary's Catholic Church, officiating.

Mr. William L. Phillips, son of Oscar Phillips, who was recently appointed an ensign in the navy by Secretary Daniels, left yesterday to assume his new duties. Mr. Phillips' appointment was the result of a competitive examination.

The funeral of Mrs. Libbie E. Warren will take place at 4 o'clock this afternoon from her late residence, 536 South Patrick street. Services will be conducted by the Rev. Dr. E. B. Jackson, pastor of the First Baptist Church, and burial will be made in Bethel cemetery.

A cablegram received today by the family here announced the safe arrival overseas of Sergt. William A. Grigg, M. S. E. of the Signal Corps, 28d Aero Squadron. His brother, Sergt. Charles A. Grigg, of the Quartermasters Corps, is now stationed at Newport News.

Corp. Charles W. Myers, son of Mr. and Mrs. R. L. Myers, and Miss Lillian R. Mills, daughter of Mr. James B. Mills, were quietly married July 26, at the Marble Collegiate Church, New York. Corp. Myers is in the aero service, stationed at Hempstead, Long Island, N. Y.

Having leased store and dwelling 517 King street, hereafter all orders will be taken at 108 N. Pitt street. Thanking our patrons for past favors, will in the future take care of all orders given.

James H. Mansfield.

Coming to the Grand Theater, Thursday, "The Crucible of Life."

SUGAR ALLOWANCE

Two Pounds Per Capita a Month for Householders — Manufacturers of Soft Drinks Will Only Receive Half of Last Year's Supply.

The Food Administration emphasizes a sugar shortage so critical that every Federal food administrator must be depended upon not to exceed his allotment as figured out justly at Washington for each of the United States upon a basis which allows two pounds per capita per month for households and the same amount for each ninety meals in public eating places.

Dining car superintendents have been instructed by committee to remove sugar bowls and serve not more than two half lumps or one teaspoonful of granulated sugar to each patron, the choice of either being given, but not both. In several of the states no sugar bowls are seen in public eating places and much conservation is reported.

Manufacturers of soft drinks and candy are now receiving not over 50 per cent of last year's consumption.

The conservation division of the Food Administration is urging the saving of the fruit crop now without sugar and adding it to the preserved product when used, after the supply of sugar has become more plentiful.

England's people have long been limited to two pounds per person per month; the people of France to one and one half pounds, and the people of Italy to one. Even these amounts are not guaranteed to the allied governments, but are the maximum amounts that will be furnished if supplies can be obtained.

Sugar Questioned Answered

Where does America get her sugar?

Cuba—more than one-half.

Sugar beet production in the United States one-seventh.

Hawaii, one-eighth.

Louisiana, one-twentieth.

Porto Rico, the Philippines, miscellaneous sources, the remainder.

Where did the allies formerly get sugar?

France, Italy and the low countries raised their own. England received more than one-half from the Teutonic empires, imported largely from Java, and got a little from the British West Indies.

Where do the allies now get their sugar?

The Central Powers as a source are cut off. Production in Italy and France is only about one-third what it was before the war. They must depend very largely now upon American sources of supply.

Are there no supplies of sugar in the East Indies?

There are quantities of sugar in Java and some in other islands, but ships cannot be spared for trips to Java while sugar can be obtained elsewhere by one-third the haul.

(To be continued.)

"STORE UP," ADVICE OF R. R. OFFICIALS TO REMOVE STRAIN

Atlanta, Ga., July 29.—Southern industries and all classes of shippers and receivers throughout the South are being actively urged by railroad freight traffic representatives to anticipate winter transportation difficulties by storing up during the next three months as much as possible of such supplies as fuel, raw material and storage stock.

The "stock-upnow" campaign which the railroads are conducting is by order of Regional Director B. L. Winchell. In a letter to the Federal managers, Mr. Winchell points out that this plan should relieve much of the strain which the railroad system experiences during the winter season and at the same time enable the railroads to take care of the large war shipments which must be given right of way.

Freight traffic service representatives of the railroads are personally visiting every industry and shipper on their lines to suggest that for their own protection they adopt the policy of stocking up during the remaining months of good weather when the flow of transportation is the easiest and the demand on the railroads are relatively lightest. Those industries and plants having no provision for surplus storage facilities are advised to provide such facilities now and thereby avoid the possibility of having to close down for lack of fuel and material later on.

HUNS STILL ON RETREAT

Crown Prince Rapidly Nearing Crise and Vesle Rivers as Our Men Take Village After Village.

With the American Armies in France, July 28.—The crown prince is rapidly retreating toward the Crise and Vesle rivers, and May fall back clear to the Aisne.

The biggest American advance since the start of the Franco-American push was carried out across the Ourcq, near Sergy (three miles east and south of Fere-en-Tardenois), this morning. Squeezing of the pocket on the right and left sides, while thrusting northward in the middle, sent the boches farther in retreat.

The Americans steadily advanced all day yesterday through a heavy rain. The fought through tangled, narrow paths in woods and across fields, routing out machine-gun nests and pushing on as resistance was demolished.

One regiment marched and fought sixteen and three-quarters miles in twenty-four hours, in order to keep up with the faster-moving units in other parts of the line, where the resistance was lighter.

At 9 o'clock this morning American machine guns were stationed on Hill 141, outside Fere-en-Tardenois, sweeping the avenues of retreat from the city. Our artillery was brought up to the heights outside Sergy.

CHARGED WITH BOOTLEGGING

Charles Tyler, Colored, This City, Will Be Arraigned in Washington Court This Afternoon.

Charles Tyler, colored, of "footwear fame" was missed from his stand at King and Royal strets yesterday and today. The reason for Charles' absence was that he was nabbed by the Washington police Saturday afternoon on a charge of "bootlegging."

Tyler was arrested by Policeman Bean and Burke at Thirteenth and D streets after, it is alleged, he had sold a colored woman half a pint of whisky for $1.

It is stated that Tyler told the police that he went to Baltimore several days ago and purchased a carton of foryt-eight one-half pints of whisky, selling most of it in Alexandria. He had a full quart of whisky when arrested, it is stated. A cash capital of $39 was found on Tyler when arrested.

Tyler will be given a hearing this afternoon before a Washington judge. There was such a heavy docket in court today that his case was not reached at the morning session.

OLD DOMINION BOAT CLUB TO HOLD REGATTA SATURDAY

Indications are that the regetta which will be given Saturday afternoon at 3:30 o'clock by the Old Dominion Boat Club will prove a most interesting affair. The committee in charge has planned a program of fifteen events. Those who will participate in the affair are now practicing every evening for the events.

The club at 8:30 o'clock that night will hold a dance in its clubhouse.

FIND DEAD IN PILES

Bodies are Also Observed Floating Down the Marne River.

With the American Army on the Aisne-Marne Front, July 29.—The American troops advancing along the Marne have discovered hundreds of dead Germans. The victims fell before the heavy machine-gun fire of the Americans during the retreat. In one horeshoe area the ground was covered with dead. The Americans buried as many bodies as was possible. It is estimated that 2,000 Germans fell there.

Farmers along the Marne report having seen the bodies of German dead floating down the stream. The military authorities are planning some system by which they can clear the river of bodies.

110 Entertainers Overseas.

General Pershing has officially detailed to the American Y. M. C. A. the entertaining of our soldiers in France. There are now 110 professionals giving vaudeville shows, concerts and entertainments overseas, often under shell fire.

Coming to the Grand Theater, Thursday, "The Crucible of Life."

GOVERNMENT EXHIBITS

Eleven Carloads Prepared Here to Stimulate Interest in Agriculture, Army, Navy and Marines—Will Embrace Six Circuits.

Eleven carloads of exhibits, including agricultural, army, navy and marine, the purposes of which are to stimulate interest in these affairs, will be shipped from this city during the coming week. These exhibits are for six circuits and will be shown at different state fairs throughout the United States. The exhibits will be returned here early in December.

The work of packing the exhibit in cars is now in progress under the direction of M. M. Klein, this city, together with a force of men who will accompany them to the points where they are to be exhibited.

The work of preparing the exhibits was under the direction of Prof. F. L. Scribner and Capt. J. J. Hittinger, of Washington, and Mr. Schaffer, bureau of construction, U. S. N.

Exhibit for what is known as circuit No. 1 will be in charge of Sergt. J. H. Lecher, army; Sergt. C. F. Lang, marine, and Mr. Pinnell, navy exhibit.

This exhibit will go to the following places: Sedila, Mo.; Des Moines, Ia.; Hamlin, Minn.; Wichita, Kan.; Oklahoma City, Okla.; Dallas, Tex.; Waco, Tex.

The exhibit for circuit No. 2 will be in charge of Mr. Laphem, from the Department of Agriculture, and M. M. Klein, this city. The army exhibit will be in charge of Sergt. Clifton and the navy and marine exhibit in charge of Sergt. William Hunt. Exhibit No. 2 will be sent to Erie, Pa.; Rochester, N. Y.; Syracuse, N. Y.; Trenton, N. J., and Richmond, Va.

In circuit No 3 army exhibit will be in charge of Sergt. B. A. Bell; navy, Sergt. Schringer and agricultural, Mr. Lindstrom, bureau of forestry.

This exhibit is slated to go to the following places: Springfield, Ill.; Detroit, Mich.; Knoxville, Memphis, Tenn.; Macon, Atlanta, Ga., and Jacksonville, Fla.

ORDER OF OWLS BOOMING; MEMBERSHIP JUMPING UP

Sam Bain, national oganizer of the Fraternal Order of Owls, today reported that his efforts to lift the membership of Alexandria Nest, No. 1779, to 500 are meeting with gratifying results and that he feels confident of "going over the top," every man that he approaches readily realizing the advantages offered by this rapidly growing fraternal organization. Tomorrow night at 8 o'clock at Pythian Temple Mr. Bain will preside at the initiation of a big class of candidates, the fruits of his labors during the past week. Mr. Bain urges all local and visiting members, as well as those who wish to file applications for membership, to attend this meeting.

COMPARATIVE COST OF AIR MAIL, SERVICE EXPENSES.

The first report of the comparative cost of the operation and maintenance of the Air Mail Service shows that the airplanes used in this service have broken all records for economy of gas consumption.

The total of all operating expenses of nine airplanes covering flights aggregating 7,234 miles was $3,682. The total consumption of gas representing 113 hours and 8 minutes of flying was 1377 gallons which is $32.50 per hour—something over 50c per per mile. The total cost of gasoline was $405 in flying 7,234 miles.

The best performance in flying was made by a Curtis J-N-4 machine, which flew 26 hours and 40 minutes at a cost of $28.01 and hour and covered 1719 miles at a cost of 43 1-2 cents per mile. A plane equipped with a Hispano-Suiza 150 h. p. engine used approximately 8 gallons of gas per hour, and a plane equipped with a 400 h. p. Liberty motor used 17 gallons per hour. This shows 40 per cent less gas consumed than generally required for airplane engines of these sizes.

The calculation of operating cost includes departmental overheads charges, interest on investment, replacement of parts, deadhead time of mechancis, gas, lubricating oils, office force, motorcycles and trucks; rent, fuel, light and telephone; pay of pilots, hangar men and mechanics.

The average consumption of gas for the nine planes was 12 gallons per hour.

MUST BE INOCULATED

Employes of Shops Must Be Made Typhoid Proof Before Cards Will be Issued to Places Where They are Employed to Sell to Soldiers.

All workers in food shops or shops of that character will have to be inoculated against typhoid fever.

This announcement was made today by Dr. W. L. Wood, of the United States public health service.

Should any such persons fail to comply with the orders the ban against the places where they are employed will be continued in full force and soldiers will not be permitted to trade at such places.

Dr. Wood expained this morning that just as soon as the ban on Alexandria merchants is lifted cards will be furnished to all merchants whose places are up to the requirement and whose employes have undergone inoculation against typhoid.

All places where the merchants have not received the cards which will be given out by the United States public health department soldiers will not be permitted to make purchases.

An average of fifty persons a day are now being inoculated by the physicians in charge of the U. S. public health service here. The work is done free of charge.

Dr. Wood was unable to state definitely today when the ban will be lifted from this city which prohibits soldiers from Camp Humphreys from purchasing either food or drink here.

FIRST TRAIN RUNS FROM CAMP HUMPHREYS SATURDAY.

Promptly at 1:30 o'clock Saturday "U. S. A. No. 1" and a long string of cars loaded with a thousand officers and men rolled out of Camp Humphreys for Washington amid the enthusiastic cheers of their comrades. Several thousand late comers were unable to secure tickets on account of the fact that a larger train could not be run with safety.

The inaugration of the train service between camp and the National Capital solves the problem of getting the men out of camp for their week-end recreation. The director general of military railroads has ruled no regular passenger schedule can be established.

It was a momentous event in the history of the camp, nevertheless. It marks the inauguration of a regular freight service into camp over the first military railroad to be built in the United States.

ACTING MAYOR MARBURY TODAY ASSUMED DUTIES.

F. F. Marbury, president of the board of aldermen, now acting mayor of the city during the absence of Mayor Fisher from the city today assumed charge of the city's affairs. Mr. Marbury last Thursday sustained a fractured shoulder as a result of being thrown from his buggy when the horse took fright when he was endeavoring to get out of the vehicle.

ATTACKS WOMAN IN TUB

Infuriated Cat, After Hurting Eleven, Runs Into Occupied Bathroom.

Philadelphia, July 29.—A cat went wild Friday night at Twenty-seventh and Master streets, and, after scratching eleven children, dashed into the house at 1432 Marsden street, ran upstairs into the bathroom and attacked Mrs John Powell, who was in the tub taking a bath She was so badly bitten and clawed by the infuriated animal that her many wounds had to be treated at the Lankenau Hospital.

While the cat was attacking the children a riot call was sent into the Fortieth district police station and a wagon-load of cops responded. They arrived on the scene just as the cat ran into Mrs. Powell's house. They followed the animal, but did not reach the bathroom in time to save Mrs. Powell. At the sight of the police, in force, the cat ran out of the house again and led the bluecoats a merry chase around the block.

All the residents were ordered indoors, while the police began firing at the animal. The cat was finally killed by revolver shots.

THE COMING PRIMARY

Interest More Pronounced as Time for Contest Approaches — Representative Carlin Will Prove an Easy Winner, According to Reports From Every County in the District.

One week from tomorrow the voters of this city will take part in a Democratic primary for the purpose of selecting a Democratic candidate for Congress to represent the Eighth Congressional district, a primary being equivalent to an election.

As the time for the primary approaches the interest becomes more and more pronounced.

Representative Charles C. Carlin, this city, is being opposed by two candidates.

Friends of Mr. Carlin from every part of the district report that his vote will be greater than in previous primaries.

The record of Mr. Carlin in Congress is sufficient to insure him the vote of practically every resident of the city.

His efforts to upbuild Alexandria have had wonderful effect, and today as a result of his labors every house in Alexandria is occupied and hundreds of others, as soon as mechanics can build them, will be occupied and the population of the city greatly increased.

This is due to the untiring efforts of Representative Carlin in securing for this city the plant of the Virginia Shipbuilding Corporation. This corporation has erected an enormous plant on the river front, which is a permanent institution for this city.

"BONE DRY" CITY IS PLAN.

Proclamation Drawn Up Will Probably Be Issued in Washington Wednesday.

Washington, with its army camps, may become bone-dry under a proclamation by President Wilson barring all intoxicating liquors from the city and making it a crime against the United States government to bring and intoxicants whatsoever into the District of Columbia. Such a proclamation has been prepared by Attorney General Gregory and it was said last night that President Wilson would issue it Wednesday. The action is to be taken under the general war powers granted the chief executive by Congress.

The creation of a dry zone in the District has been urged upon President Wilson by Secretaries Daniels and Baker and District officers, because of the abuse of the privilege of bringing liquor into the District for individual consumption, which has worked out to mean wholesale bootlegging.

Superintendent of Police Pullman urged action by the President, but it was not taken until Secretaries Daniels and Baker took the matted up at the cabinet meetings and most strongly urged the measure as protection for the soldiers and sailors in and around the city, that he President decided to issue the proclamation.

ARTILLERY TEAM IS EASY FOR CLARENDON NINE

The Coast Artillery team were able to get but two scratch hits off Otto Von Herbulis and the Clarendon A. C. grabbed a onesided seven-inning game 13 to 0 on the Clarendon field yesterday. Henderson and McMahon led the assault with three blows each, while Bolen, Geibel, Carroll and Stewart each got two.

Percy Fillet was in the game long enough to furnish the fielding feature. Carson's fielding at second was the best of the soldiers' play.

Clarendon meets the Operations Club next Sunday in what promises to be a hot battle.

HEAVY FINE FOR ANTWERP

Ask Million Francs for Treatment Accorded Propagandists.

Amsterdam, July 29.—Antwerp has been fined a million francs and Jan Devos, the burgomaster, has been deposed by the Germans because of recent happenings in the city, says the Belgique Dagblad. Activists celebrating the 11th day of July were beaten and a number of Activist prisoners of war from Goettingen were half killed by inhabitants for carrying on anti-Belgian propaganda in the city.

Doctors refused to attend the men, whom they caled "traitors," and were consequently deported to Germany.

GAMBLE CONVICTED

Found Guilty of Murder of Jitney Driver by Jury in Alexandria County—Jury Out More Than Two Hours—Newman Trial in October.

In the Circuit Court for Alexandria at noon today Judge Goolrick sentenced Gamble to die in the electric chair at Richmond October 18.

The trial of Mrs. Burgess was fixed for August 12 and Newman will be tried early in October.

Earl S. Gamble must die for the murder of John P. Werres, the Washington jitney driver and government printing office worker, who was killed the evening of May 10 on the Falls Church-Ballston road.

The jury in the case, which was tried at Alexandria county courthouse, after two hours and ten minutes' deliberation Saturday afternnon returned a verdict of guilty of murder in the first degree and fixed the penalty as death.

Deserter From the Army.

Gamble, who was a soldier in the engineers' branch of the Army and deserted to run away with Mrs. Kathleen Burgess, who is also being held on the charge of murder, will be electrocuted.

On the pronouncement of the verdict by Judge John T. Goolrick, Attorney Amos C. Crounse, who, with Attorney H. R. Thomas, was counsel for Gamble, moved that the verdict be set aside and that a new trial be held, on the ground that the verdict was contrary to the law and the evidence, because of alleged error of the court in granting instructions offered by the commonwealth and in refusing instructions offered by the prisoners, and in admitting evidence offered by the commonwealth and refusing evidence tendered by the prisoners.

Judge Goolrick overruled the motion made by Attorney Crounse, and the latter will file with the court a bill of exceptions on which it is hoped to obtain another hearing.

Khaki-Clad Men in Court.

The courtroom was crowded all day and there was noticeable a large number of men in khaki. Interest centered in Gamble and many remained in the Courthouse at Fort Myer Heights of about the building for the return of the jury, to learn its verdict and to watch its effect on Gamble.

The jury went out at 3:57 o'clock Saturday afternoon and returned at 6:07 o'clock. In the meantime Gamble remained in the courtroom. At times he chatted with Sheriff Howard B. Fields, who sat by his side, and for more than an half hour passed the time by reading a newspaper, paying particular attention to the account of his trial.

When the knock on the door of the jury room, which adjoined the courtroom was given from within as a signal that the jury was ready to report the crowd became silent. Gamble turned his eys to the jurymen as they marched in and for a few seconds his face was seen to twitch. However, he immediately composed himself and again assumed the different attitude which characterized his actions during the trial.

Gamble will be held at the Alexandria county jail until early nexe week, when it is expected he will be removed to Richmond.

Newman Trial in October.

The trial of Robert Newman, who is also held for the same crime, and who, Gamble alleges, struck the blows that killed Werres, will not be held until October, according to Commonwealth's Attorney Frank L. Ball.

Because of the physical condition of Mrs. Kathleen Burgees, the woman in the case it is planned to try her as soon as possible, and Attorney Ball indicated yesterday that Judge Goolrick will decide next week. Attorney Ball said he thought Mrs. Burgess would be tried in August.

Mrs. Werres, widow of the murdered man, was at the courthouse all day and remained to hear the verdict of the jury. When she learned that Gamble had been found guilty and is to die she sent through a woman friend her congratulations to Attorney Ball for the manner in which he handled the case.

Smokes for Our Sammies.

To keep our Sammies in Smokes, the American Y. M. C. A. canteens in France must be supplied with 200,000,000 cigarettes and 4,500,000 cigars monthly.

Coming to the Grand Theater, Thursday, "The Crucible of Life."

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

PUBLISHED EVERY AFTERNOON Except Sunday.
By The Alexandria Gazette Corporation, 117 King Street, Alexandria, Va.
EDWARD W. SMITH, President and Treasurer
WILLIAM A. SMOOT....Vice President
MICHAEL T. DWYER.....Editor
JAMES F. PEYTON..Business Manager
Entered at the Postoffice at Alexandria, Virginia as second class matter.

THE SUNDAY LAW AGAIN

Judge William Leigh, of Danville, last week held that the ordinance recently enacted by the city council and requiring all stores to remain closed on Sunday was invalid, in that it is not consistent with the state law on Sabbath observance. He, therefore, granted the injunction sought by Rabbi David Kusner against the mayor and all police officers, and they are now enjoined from enforcing the Sunday-closing law. This means that those stores which have been closed each Sunday for the past eight weeks will be able to open on Sunday.

Eight shopkepers were cited to appear before the Alexandria police court today to show cause why they should not be fined for conducting business on Sunday. The charges against these persons were trivial. One had disposed of a pocket handkerchief, supposing he was acting in an emergency when the customer found himself minus this adjunct on a hot day. He was, of course, dismissed.

The other was that of a shopkeeper who had sold a pair of stockings. This defendant also supposed he was furnishing indispensables to a customer. He also was dismised. The other cases were against persons who had furnished refreshments.

Commonwealth's Attorney Grent was present at the hearing, and he stated that people engaged in trade in Alexandria must not suppose they can carry on general mercantile business on Sunday in opposition to the state law, but that during present abnormal conditions, when the city is flooded with strangers, such commerce as is shown to be necessary will not be interefered with. Such occupations include all places where refreshments are served. Displays of goods upon sidewalks, or gatherings of people on the outside of stores or refreshment stands, however, is forbidden.

WHAT MR. CARLIN HAS DONE

The Fairfax Herald gives the following substantial reasons why we should let well enough alone by renominating Hon. C. C. Carlin, our present efficient Congressman, to succeed himself:

Faithful service for many years in behalf of his district and people.

Ever watchful to promote the interests of the wage-earner and the farmer.

Always a loyal Democrat.

Has secured numerous public improvements for his district.

Has been successful in securing payment of just claims for the destruction of property by the Union forces during the Civil war.

Has never done anything to forfeit the confidence and support of his constituents, and his experience enables him to secure the best results.

The fifth paragraph in the above should cause all to read it the second time and think. It refers to what had for more than forty years been termed the omnibus bill, and for a long time had not been considered seriously by any one. Congressmen representing the Eighth district from the days of the late Lewis McKenzie (1870) down to the time Mr. Carlin was elected reintroduced that bill at the beginning of every new Congress. It went through the same form biennially of being referred to a committee where it slept. One of the first acts Mr. Carlin performed was to sponsor this bill, and he eventually succeeded in having it passed, a feat no other Congressman from the Eighth district could perform.

IS THE KAISER ANTI-CHRIST?

One of the city ministers yesterday delivered a sermon on the coming anti-Christ, during which he referred to a number of scourges of the genus homo class which have from time to time appeared in this world, beginning at Nero and ending with the Kaiser.

Some who have studied the different passages in Scripture which refer to the appearance of the anti-Christ suppose the establishment of the Roman empire will take place in the latter days, and that the anti-Christ bearing the name of Caesar will appear with it.

The ancient Greeks spelled Caesar K-a-i-s-a-r; we spell the title of Germany's ruler K-a-i-s-e-r. It will be seen that there is but one change, an "e" for an "a".

A dispatch from Amsterdam says Germany has discarded Christianity.

Of course the world has known that she discarded its practice in 1914, but now she has thrown off all pretense at being a Christian nation and has adopted all sorts of substitute religions.

The tribulations of the fourth year of war have produced an extraordinary crop of strange cults in Hunland in which the most decadent forms of immorality have been fantastically garbed in the abandoned shreds of genuine faiths.

Morality, truth and honor are abolished and all those restraints which bind normal communities together are dispensed with.

The most popular of the new 'ersatz" religions of Germany is that created by Ludwig Reuner, a Leipzig pan-German, who has set forth the tenets of his "faith" in a book which has already passed through two editions. It is entitled "German Nature Worship; A Religion Based on Scientific Grounds."

In its preface the pan-German author declares:

"A realy German religion cannot emanate from the international Christendon that is foreign to our nature. The modernized German religion, for example, has no use for prayer as it is generally conceived. This will be replaced by certain physical and spiritual movements of various descriptions, such as systematic morning exercises, ablutions and baths, deep breathing and holding of breath, singing, dancing, the reading of beautiful poems, and the contemplation of distinguished works of art, exercise in will control, mutual auto-suggestion among the whole body of devotees and so forth."

REJOICING IN PARIS

"Above our hosts in triple folds
The self-same colors spread,
Where valor's faithful arms upholds
The blue, the white, the red;
Alike each nation's glittering crest
Reflects the morning's glance—
Twin eagles, soaring east and west:
Once more, then, VIVA LA FRANCE!"

France is wild with joy. "Gay Paris" is gay once more. There was no going to bed in that city last night.

The Stars and Stripes flutter from the city hall of Fere-en-Tardenois, side by side with France's tri-color.

The spinal column of the German crown prince's army has been broken.

The city that formed the nerve center of his half million bottled-up fighting men was stormed by soldiers of France and America just as night was settling down upon the Aisne-Marne battlefield, closing the eleventh day of Foch's great counter drive.

The crown prince's hold upon the Marne is a memory; French and American troops are across the Oureq. From Fere-en-Tardenois the Germans are fleeing northeastward, back to the Vesle and Aisne.

A SUGGESTION

Now that the government is ready to vaccinate Alexandrians free of charge, would it not be well for all children who intend to enter the public schools in September to have this operation performed? Chidren who may desire to attend the schools will be compelled to submit to vaccination, according to law, and should the great mass of young people who have not been vaccinated avail themselves of this opportunity much delay would be avoided at the opening of the term.

COMING EVENTS CAST THEIR SHADOWS BEFORE

Patrick J. Conahan, a Hazleton, Pa., salesman, was notified by the War Department last week that his son, Francis X. Conahan, member of Company B, 9th Infantry, was killed in action on the French battle front.

Conahan's father had a premonition that something would happen, and dreamed a few nights ago that he saw his other son, Leo, serving with the naval radio station, at Pensacola, Fla., mangled and bleeding.

There is a well-authenticated story in English literature which affords encouragement to believers in dreams. During our revolutionary war a sister of the unfortunate John Andre had a vivid dream. She saw a crowd gathered at a point in America, and upon drawing near beheld a scaffold. Continental soldiers were leading a man to the gibbet, and upon scrutinizing the victim she found, to her horror, that it was her brother, the adjutant general of the British army. The dream was so vivid and it had such an effect upon the sister that she make a note of the day and hour it occurred. A ship later arrived in England and reported the hanging of the young Englishman as a spy. Upon examining her note she found that upon the day she passed through dreamland her brother was hanged in faraway America.

FOR SALE AND RENT.

FOR SALE—A good grazing and dairy farm with 40 acres—35 in cultivation; fine water supply; horse stable with 8 box stalls; cow stable with concrete floor, for 30 cows; fine young orchard of over 100 fruit trees; six miles south of Alexandria and one-half mile from Franconia station, Fairfax County, Va. Apply to Laurence Stabler, 415 Prince street, Alexandria, Va. 179-7t

FOR SALE—Finely located Cigar, Confectionery and News Stand; cheap rent ;ill health of owner only reason for selling. Inquire of John D. Normoyle, cor. King and Royal streets. Phone 564. 179-6t

FOR RENT—Furnished rooms. Apply 611 Queen street. 179-2t

Good Tires and Good Business

Cars are being used more and more for business purposes.

As a result they are being treated more and more as a business proposition.

Equipment is purchased with extreme care and judgment. Values are studied. Mileage records are kept carefully.

That is why sales of United States Tires are increasing with such rapidity.

They have demonstrated not only unusual long mileage qualities but far greater reliability.

They make your car more useful. They give a bigger return on your investment.

'Chain' Tread

There is a United States Tire built especially to fit your particular driving conditions.

That is one great advantage in choosing United States Tires.

You have a variety of treads and types from which to choose,

—but the quality and values are always up to United States standards.

Any United States Sales and Service depot dealer will cheerfully aid you in your tire selection.

United States Tires are Good Tires

FISK *CORD TIRES*

are made in the ribbed tread familiarly associated with Cord Tires and in the famous Fisk Non-Skid Tread. No matter which of these tires you choose you cannot go wrong!

They are big, sturdy, beautiful—combining resiliency, speed, mileage, safety and comfort.

Which costs most—painting or waiting?

After your house needs painting, every year you wait it will require more paint and more labor to put it in good condition. And every year you wait, your house is worth less. A little paint-money is good paint-insurance.

Just as soon as your house needs painting, come in and let us show you how little it will cost you to use DEVOE.

We say "DEVOE" because it's absolutely pure.

That's why DEVOE takes fewer gallons, wears longer—and costs less by the job or by the year.

And that's why we guarantee Devoe without reserve.

Your Winter's Coal Supply

On account of rulings of the U. S. Fuel Administration, it seems doubtful if Virginia will receive sufficient anthracite coal to supply the demands. If present rulings are maintained, this shortage will be very great in Alexandria and we earnestly advise our customers to put in a reasonable amount of bituminous coal as a safeguard against a coal shortage next winter.

We are now securing some very fine bituminous coal which we believe will work in all characters of coal burners but the Latrobe stoves.

Better Cooking by Electricity

Women have long known that electric cooking is cleaner, that it banishes all the dust and ashes of coal and wood and soot and fumes of gas. They have known that it makes the kitchen cooler; the air purer; that is the most convenient way to cook. Now they have the word of the women who stand for the most scientific cooking methods known, that electric cooking produces better results than any other means.

Let us demonstrate the various sizes of ranges and refer you to the satisfied electric range users.

Acting Mayor.

Teste—Daniel R. Stansbury,
Clerk of Council.

An ordinance authorizing and directing the city auditor to deiver to poice headquarters the record book of dog licenses and dog tags for year 1918 and the issuing at police headquarters of dog licenses during balance of present fiscal year, June 1, 1918, June 1, 1919.

Section 1—Be it ordained by the city council of Alexandria that the city auditor is hereby authorized and directed to deliver to police headquarters the record book of dog licenses and dog tags for the year 1918, and the issuing at police headquarters of dog licenses during balance of present fiscal year June 1, 1918, June 1, 1919, and on and after August 1, 1918, all licenses for dogs owned or harbored within the corporate limits upon which no licenses have been applied for, shall be paid to the officer or policeman on duty at police headquarters, and no licenses for the year 1918 shall be issued by the city auditor after July 31, 1918. The object and intent of this law is to furnish conclusive evidence of evasion of the law as to the licensing of dogs.

Section 2—The members of the police force shall report all persons owning or harboring dogs for which no license has been paid, and all persons applying for license on and after August 1, 1918, for the year 1918, shall be considered the same as those reported by the policemen as keeping dogs for which no license has been applied for, and upon conviction shall be fined as provided in the general laws of the city or the license law for June 1, 1918, May 31, 1919. In addition to any fines imposed, the license of $1.50 shall be collected by the person making out the license, and the amount so collected shall be paid into the city treasury, less $1 of such amount, 75 cents shall be paid to the officer reporting the delinquent, and 25 cents to the officer making out the license, as a fee for such services under this ordinance.

Section 3—All acts or ordinances or parts of acts and ordinances in conflict with any provision of this ordinance shall not be effectitve for the fiscal year of the city ending May 31, 1919.

Section 4—This ordinance shall be in force on and after August 1, 1918.

Passed the Common Council July 25, 1918.

Howard W. Smith,
President.

Clerk of Council.

Ready for a Riot.

An auctioneer had been selling horses all day and his voice was getting a little husky, so that he was economizing as much as possible in the use of words and even syllables.

Early in the day he had shouted the bids, $100, $200, $300," etc.

Then he restricted himself to calling out "100, 200, 300," etc.

When McCarty, attracted through curiosity in the crowd, came up, the auctioneer had further abbreviated his speech, and was crying: "One hun, two hun, can't I get three hun?"

Off went McCarty's coat, and he sang out excitedly:

"Don't do this all yourself, young fellow. Let me in it. I can take care of a few of 'em."—Pittsburgh Chronicle-Telegraph.

With a pocketknife the edge of which is said to have been sharpened to razorlike sharpness, Jerry B. Shipley, a prosperous farmer of Gray Station, 13 miles north of Johnson City, Tenn., on Saturday night cut the throats of his wife, his 9-year-old son, and 8-month-old infant daughter, after which he cut his own jugular vein, dying within a few minutes. The mother and son were carried to the hospital at Johnson City, where it is said they will recover. The baby died within 15 minutes after arrival at the hospital. Shipley's act was entirely without warning.

Ollie, 4-year-old son of Charles Kaufmann, accidentally shot and killed his 2-year-old brother near the Mount Alto Sanitarium, Hagerstown, Md. The two children had been left alone by their mother. Ollie found a shotgun and while he was examining it fired. Thomas Wren $1,250 for calling a Russian named Steinberg a German, Justice Lush of London, said: After the foul crimes Germany has committed, what viler insult could be made against a man than deliberately to call him a German?"

PROPOSALS.

Sealed proposals in duplicate will be received at the department until 2 o'clock p. m., Wednesday, August 14, 1918, and then opened, for furnishing and laying sewer pipe, including manholes, complete, at St. Elizabeths Hospital, Washington, D. C., in accordance with plans and specifications, copies of which may be obtained from the chief clerk of the department. Proposals must be marked, "Proposals for furnishing and laying sewer pipe at St. Elizabeths Hospital," and be addressed to the Secretary of the Interior.

S. G. Hopkins,
179-4t Assistant Secretary.

AUCTION SALES.

Sale of Real Estate.

By virtue of a decree entered in the Corporation Court on the 10th day of July, 1918, in the partition suit therein pending, wherein Marion B. Leary et vir, are complainants, and Mary Kirkpatrick and others are defendants, the undersigned will offer for sale, at public auction, in the city of Alexandria, on Fairfax street, in front of the Courthouse, on Wednesday, August 7, 1918, at 11 o'clock a. m. all that lot of ground improved by a brick store and warehouse, bounded and described as follows:

BEGINNING on the north side of King rsteet at the east line of a lot formerly conveyed by Allison and wife to Patton and Finely, supposed to be 60 feet east of Water street (now Lee street) and running thence east on King street 30 feet, more or less, thence north parallel with Water street (now Lee street) 81 feet to an alley 30 feet wide; thence west on said alley parallel to King street 30 feet more or less, thence south parallel witha water street (now Lee street) in a straight line to the beginning.

Terms of sale one-fourth cash and balance in six, twelve and eighteen months or all cash at the option of the purchaser.

Conveyancing at the cost of purchaser.

J. K. M. Norton,
Commissioner of Sale.

I hereby certify that J. K. M. Norton, commissioner of sale has given the bond for surety as required by decree appointing him commissioner of sale at the July term, 1918.

Nevel S. Greenaway, Clerk.
176-tf By Cora Duffey, D. C.

TIME IS THE TEST.

The Testimony of Alexandria People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Alexandria people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from Kidney ills is looking for.

Mrs. G. W. Davis, 107 Prince St., Alexandria, says: "Doctors treated me for along while and pronounced my case of kidney trouble a severe one. Often I felt so listless and nervous, I almost gave up hope. Doan's Kidney Pills brought me relief after everything failed. Doan's strengthened my kidneys and removed the trouble."

THREE YEARS LATER Mrs. Davis added: "I still take Doan's Kidney Pills occasionally when my kidneys don't act as they should. I always get quick relief."

Price 60c., at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Davis had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

CASH FOR OLD FALSE TEETH—Don't matter if broken. I pay $2.00 to $25.00 per set, also cash for old gold, silver, platinum, dental gold and old gold jewelry. Will send cash by return mail and will hold good ten days for sender's approval of my price. Mail to L. Mazer, 2007 So. 5th St., Phila., Pa.

BOSCHEE'S GERMAN SYRUP.

Why use ordinary cough remedies, when **Boschee's German Syrup** has been used so successfully for fifty-two years in all parts of the United States for coughs, bronchitis, colds settled in the throat, especially lung troubles. It gives the patient a good night's rest, free from coughing, with easy expectoration in the morning, gives nature a chance to soothe the inflamed parts, throw off the disease helping the patient to regain his health. Sold by Leadbeater Drug Corporation.

BOYS WANTED—We need the services of a number of Grammar School boys for permanent part-time work. The boys we select will be given an opportunity to earn, learn and advance. Apply to S. F. Dyson & Bro., 420 King Street, Alexandria, Va.

The British government is to announce officially soon that for every merchant ship destroyed by German submarines compensation will be claimed when peace terms are discussed.

NEWS OF THE DAY.

Though the coal production of the United States is still hugging the high point, the production to date for the coal year is 8,912,500 tons behind the necessary requirments as figured by the Fuel Administration.

The British ministry of munitions report last night that the strike situation has improved. A statement issued by the ministry says that the majority of the strikers probably will return to work today.

Release of hotels and public eating places from the voluntary pledge to use no wheat until the new harvest was in, the Food Aministration announced yesterday. Homes operated upon the same basis are also relased. This action followed the receipt of a cable from Food Administrator Hoover in conference with the food administrators of the allied countries in England. He has received the requirements of the allied nations for the coming year and their estimate of their own wheat yields. Announcement is expected shortly from these conferences, that the entire allied world has enough wheat to abandon extreme wheat conservation plans and that all will share alike in the pooled wheat.

Of the German prisoners recently taken 14 per cent belong to the 1919 class, showing that nearly all these boys already had been incorporated in fighting units. If all of them have been utilized they would form from 17 to 18 per cent of the German strength. Information received proves that the 1920 class, which it was intended to be incorporated in the army of October, has been ordered into the units in September. Most of those of this class are not 18 years old.

Officers of the unions of lake seamen and firemen sent messages to the union headquarters along the Great Lakes last night withdrawing the strike order which had been issued to take effect today. Union officials expected that the men now out would return to work at once and that the other men who were preparing to leave their vessels tomorrow would continue on them.

First Lieut. Warren Harries, son of Gen. George H. Harries, the latter former commander of the District of Columbia National Guard ,and head of the Washington Railway and Electric Company, was killed in an automobile accident in a provincial town in France on the night of July 25. it the weapon was discharged and his brother was instantly killed.

CRIMES TO BE PUNISHED

English Board of Trade or "Commerce Department" Discusses Peace.

London, July 29—"We consider that no peace would be satisfactory which did not enforce the surrender of the enemy shipping and inflict drastic and exemplary punishment for the enemy's crimes at sea."

This is the judgment of a committee named by the Board of Trade, which corresponds to the U. S. Department of Commerce, to consider British shipping after the war.

"Conditions will be wholly abnormal," says the report. "Our industrial position will be potentially very strong, whereas we shall be left with a mercantile marine quite inadequate to meet our needs, or to recover its share of the world's carrying trade.

"It will be necessary to make the restoration of the mercantile marine the first charge on the national resources, unless our industry and export trade are to be seriously crippled, and we have to suffer the consequences that would attend our decline to the level of a second rate martime power.

"We cannot insist too strongly on the overwhelming importance of this problem, which, in our opinion, transcends every other problem in reconstruction."

The committee recommends that enemy shipping, when seized, should be divided among the countries whose shipping has suffered, or be sold so as to exclude enemy or neutral buyers.

"The exclusion of enemy shipping from ports of the British empire would be of little value to British shipping," says the report, "as it would leave open the American trades, unless all the allies were prepared to adopt similar measures. Freedom of the seas in the sense of equal treatment of all flags in all ports should therefore be a cardinal principal in our post-war policy."

This declaration is counter to the stand of the British Seamen's Union which declared a boycott of German goods and ships because of U-boat crimes.

The committee recommends the government relinquish its control over merchantmen, whence peeace comes, and that efforts be made to build 2,000,000 tons of merchant ships annually after the war.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Mandorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NO132
